Relative to sidewalks and railings, we would say that the above expenditures were taken from the general sidewalk and railing appropriations, and should be added to expenditures by Highway Surveyor under those heads. Relative to Cemetery Commissioners' expenditures, it was voted at the last annual meeting to raise and appropriate \$400 for care and improvement of cemeteries and it was further voted to appropriate \$500 from the sale of lots in 1906 and 1907 for care and improvement of cemeteries.

PALMER, Feb. 15, 1908.

To the Citizens of the Town of Palmer :

In my report to the voters of the town, I wish to say that with an appropriation of about thirty dollars per mile of highway, it is impossible to put all of the roads of the town in a satisfactory condition, under existing conditions of use, by automobiles and heavy teams. I have endeavored to keep all the roads of the town in such a condition as to avoid damage to any one. I have also used so much of the money as I considered it safe to take from the general repairs, in graveling and work of a more permanent character.

There has been built on cemetery hill in Thorndike a paved gutter at a expense of \$144, a cement retaining wall was built on Commercial street in Thorndike at an expense of \$105, the road from Shearer's corner toward Palmer, was filled with gravel from 8 to 24 inches for about 2000 feet in length at an expense of \$650. Park street from School street to near the engine house was graveled at an expense of \$200. Main and South Main streets have been graveled at an expense of \$150.

The sewer system of the village of Palmer has been extended 450 feet on Pearl street, 340 feet on Pond street and 104 feet on Spring street. Fourteen catch basins have been built to take surface water.

The appropriation for care of the water on Hastings' hill was used to put in 220 feet 18-inch tile pipe and a paved gutter to the railroad line.

I am pleased to say that in all of my work I have kept within the appropriation and am able to show a balance.

I would recommend the following appropriations :

Highways,	\$6,000.00
Sewers and Culverts,	1,000.00
Bridges,	1,000.00
Sidewalks,	1,000.00
Railings,	400.00

Respectfully submitted,

CHAS. T. BRAINERD, Highway Surveyor.

Cemetery Commissioners' Report.

October

FOR THE YEAR ENDING FEBRUARY 15, 1908.

In submitting their annual report the Cemetery Commissioners would acknowledge the coöperation and support extended by the voters of the town, in their endeavor to improve and beautify our cemeteries.

The generous donation of the old Cemetery Association has been expended for the purpose for which it was given, the improvement of the old section of the Depot Village cemetery.

The estimates of the engineer for the completion of the terraces proved too small and a further appropriation is needed for this work. The roadways have been hardened and paved gutters have been installed, thus helping in a measure to care for the large volume of water in Palmer Cemetery.

The tool house and its contents, at Four Corners cemetery, were recently destroyed by a fire said to have been caused by a locomotive on the B. & A. R. R. and the loss was promptly paid by lessees of that corporation.

Board of Health. 00

PALMER, MASS., February 15, 1908.

The Board of Health respectfully submit the following report :

The past year has been unusually busy, many nuisances have received attention. The number of contagious diseases was not as large as last year but they required more care. In November we had quite an epidemic of typhoid fever in Bondsville which gave us no little concern at the time. We are indebted to Dr. H. C. Emerson, State Medical Examiner of Springfield, and others, for their assistance at that time. The reports from the State Board of Health show that the drinking water used in Bondsville and Thorndike are dangerous to public health, and should not be used for domestic purposes unless it has been boiled. They recommend a good water supply as soon as possible and we trust that the town will act on this recommendation.

The Board issued new regulations January 30th, 1908, a copy of which will be mailed to each voter and we hope will meet their approval. Because of the number of contagious diseases among school children, the schoolhouses have been disinfected several times during the year.

The Board make the following recommendations:—That a sewer be built to the Carpet Mill and that the town make an appropriation of \$500 for use of the Board in addition to the salaries.

Board of Health, Palmer, Mass.

Gentlemen :

I hereby submit the following report of the work done for you during the year ending Feb. 29, 1908.

Boxes of sterile swabs are supplied to your board for distribution to the physicians and others desiring them. Swabs reaching the laboratory during the day or early evening are reported upon early the next morning to the board of health, and physicians and board of health also receive written reports.

A total of 38 cases have been sent to the laboratory for examination to determine the presence or absence of diphtheria organisms. All but one of these cases have been sent in at the beginning of the illness namely for diagnosis, one case being sent for release at the end of the sickness. Twenty-three cases did not show the presence of diphtheria and fourteen cases were positive.

It is generally considered a sign that physicians are on the watch for cases of diphtheria, when the number of cases examined which are negative is larger than the number that are positive.

The following table shows the number of cases and cultures examined month by month :—

Young Men's Library Association.

REPORT OF THE LIBRARIAN FOR THE YEAR ENDING MARCH 1, 1908.

I herewith present my first annual report as librarian of your Association.

From August 1, 1907 to March 3, 1908, there was no duly elected librarian. That is one reason why only 31 books were purchased during the year. Another is the fact that at least \$125 of the amount appropriated by the town to be used during the year 1907 was spent in the payment of debts which matured so late that they could not be paid out of the 1906 funds.

The number 31, however, does not truly represent the number of new books purchased during 1907. The year opened with the library in possession of 50 books rented from The Booklovers, and twice during the year 30 books have been exchanged, so that we have had the benefit, through rental, of 110 books in addition to the 31 purchased; and 50 of these were constantly in the library for use.

By the rental of these books from The Booklovers we get the use, at a relatively small rate, of a great deal of fiction for which there is only a temporary demand, and which would soon represent practically a dead loss to the Association, if it were obliged to purchase them for use. The result of such purchase of course would be that the shelves of the library gradually would be filled with undesirable books, and the Association desires to avoid any policy tending to such an end.

The circulation for the year has been as follows:

Fiction, exclusive of Booklovers,	10,462
Booklovers,	2,726
All other classes,	3,663
	<hr/>
	16,851

The following are the donations: The Right Reverend C. C. Crofton, D. D., 1 volume; L. L. Merrick Post, G. A. R., 3; City of Boston, 1; State of Massachusetts, 39; United States Government, 6.

To see if the town will vote to authorize the selectmen to indemnify and save harmless the Commonwealth of Massachusetts against all claims and demands for damages which may be sustained by any person whose property is taken for or is injured by the construction of two sections of state highway in the town of Palmer, described as follows: The first beginning at the easterly end of the section of state highway laid out in the town of Palmer in the year 1901, near the bridge over the Quaboag river (station 123-42), and extending northeasterly for the distance of about one and two-fifths miles to the southerly end of the section of state highway laid out in said town in the year 1905 (station 197-55); the second beginning at the northerly end of said 1905 section of state highway (station 91-22.30), and extending northerly for the distance of about two miles to the dividing line between the towns of Palmer and Warren (station 199-79.60).

ART. 36. To see if the town will vote to acquire the franchise and property of the Central Massachusetts Electric Company, to appoint committees or to take any action relative thereto. *Vote down*

ART. 37. To see if the town will vote to take any action relative to a water supply for the town of Palmer, or for any of the villages thereof. *Vote down*

ART. 38. To see if the town will vote to locate an electric light at the corner of Spring and Pond streets in the Depot village.

ART. 39. To see if the town will vote to rebuild the retaining wall on High street in the village of Thorndike in the rear of the residence of H. T. Bishop and raise and appropriate money for the same.

ART. 40. To see if the town will vote to purchase a steam road-roller and raise and appropriate money for the same.

ART. 41. To see if the town will vote to establish the rate of wages for laborers employed upon the highways or take any action relative thereto.

ART. 42. To see if the town will vote to construct a gravel sidewalk on the west side of High street in the village of Bondsville.

ART. 43. To see if the town will vote to accept and allow a town way, as laid out by the Selectmen, in the Depot Village, and described as follows, viz.: Beginning at a stone bound in the westerly line of the highway leading from the Depot Village of Palmer to the village of Three Rivers at the southeasterly corner of land of one O'Rourke, and thence N. 88 degrees W. along the southerly line of said O'Rourke's land about one hundred and twenty-three (123) feet; thence in the same course five hundred and sixty-two (562) feet to land of the Boston & Albany Railroad Company. The foregoing describes the northerly line of said way, and the southerly line is parallel therewith and fifty (50) feet distant therefrom.

ART. 44. To see if the town will instruct the board of Cemetery Commissioners to reserve and appropriate a lot in the cemetery in the Depot Village for the erection of a monument to the memory of the unknown soldiers and sailors who gave up their lives for their country.

ART. 45. To see if the town will vote to accept and allow a town way, as laid out by the selectmen, in the Depot village, and described as follows, viz: Beginning at the intersection of the northerly line of King street with the westerly line of Highland avenue at a stone bound, and thence running S. 40 degrees W. over land belonging to the heirs of Albert T. Wing to North Main street. The southerly line of said way is parallel with the above described line and 3 rods distant southerly therefrom.

And you are hereby directed to serve this warrant by posting up attested copies thereof at the different public places designated by the vote of the town, seven days at least before the holding of said meeting, and cause this warrant to be printed in the Palmer Journal at least two issues before the holding of said meeting.

Hereof fail not and make due return of this warrant, with your doings thereon, to the Town Clerk, on or before the holding of said meeting.
